SKILLS

- Lead Generation
- Prospect Research
- Market Research
- Data Mining
- Data Cleaning & Validation
- Quality Assurance
- Email & Phone Research
- CRM Enrichment
- Team Coordination

PROFESSIONAL EXPERIENCE

Senior Associate *Jan 2021 - May 2026 | Fusion Business Solutions (P) Limited, Udaipur, India*

- Supported US and UK clients with lead generation, data research, CRM administration, virtual assistance, and back-office operations.
- Researched companies, prospects, decision-makers, business emails, phone numbers, and contact details using Apollo, CRM platforms, search engines, and public data sources.
- Built targeted prospect lists by cleaning, standardizing, deduplicating, validating, categorizing, and enriching records before delivery or CRM upload.
- Managed US insurance agency workflows including prospect setup, quote support, policy endorsements, invoice generation, document verification, and customer support.
- Led work allocation, quality reviews, client responsibilities, onboarding support, and process improvements while maintaining meticulous attention to detail.
- Analyzed client requirements and converted them into practical research processes, customized solutions, and accurate deliverables.
- Trained and guided new team members on workflow requirements, quality expectations, and client-specific procedures.

Customer Care Executive *Aug 2020 - Dec 2020 | Five Splash Infotech Pvt. Ltd., Udaipur, India*

- Improved standard operating procedures, contributing to an increase in customer satisfaction from 60% to 90%.
- Recognized by Swiggy Headquarters for increasing customer satisfaction - the only person in a team of 300 to receive the recognition.
- Resolved product, service, order, warranty, return, and technical inquiries while documenting outcomes accurately.

Site Supervisor *Jan 2019 - Feb 2020 | Rukkya Construction Co., Udaipur, India*

- Expanded and led a team from 10 to 60 members while coordinating schedules, materials, labor, and project execution.
- Completed construction projects valued at approximately INR 3 Crores. within one year.

- Prepared cost estimates, tracked progress, and coordinated technical aspects of construction projects.

SELECTED PROJECTS

EdTech Market Expansion & Strategic Lead Generation

- Researched target organizations, decision-makers, business emails, and contact information; cleaned, standardized, categorized, deduplicated, validated, and enriched records for outreach-ready prospect lists.

A/R Management & Property Verification

- Supported accounts-receivable research and verified property information using Google Maps and property appraiser databases, organizing findings into accurate follow-up records.

Quality Assurance & Performance Auditing - Home Services

- Reviewed recorded calls and completed work for accuracy, lead qualification, consistency, and adherence to client requirements; documented issues and performance gaps.

Fintech Documentation & Fraud Prevention

- Reviewed borrower documentation, verified information, identified inconsistencies, and maintained accurate loan-tracking data to support fraud-prevention workflows.

US Property & Casualty Insurance Operations

- Supported prospect setup, quotes, issuance, renewals, endorsements, cancellations, and policy-document verification using EZLynx, Applied Epic, Excel, and Word.

KEY ACHIEVEMENTS

- Team Expansion: Identified additional service opportunities that led to two new staff members being added within three months to manage the increased workload.
- Revenue Growth: Helped onboard a new lead-generation client whose special project contributed a verified 20% revenue increase.
- Quality Recognition: Received Star Employee of the Month five times and maintained 100% attendance for two consecutive years.
